## Thank You

A big shout out to all our patrons who share their talents, time and treasures to make the library one of a kind. We will be celebrating our volunteers on **November 7th from 11:30-1:00** with some good food and great company. Please drop in at your convenience.

Thanks to all of you who have donated to our 2016 patron drive. If you haven't received your donation letter, you can still donate in a number of ways:

### Donate online and be part of the Extraordinary Give on November 18th.

There is \$300,000.00 worth of matching funds for community organizations through this one-day fundraiser. To make a donation go to the library's extra give page at <https://extragive.org//designee/quarryville-library-center> or through the link on our website banner.

**Donate online through the new Quarryville Library website** by clicking the support tab .

**Drop off your donation anytime at our front desk.**

Again, thank you for all that you do for the library. Your donations help the library provide materials and services for the entire Solanco area.

### Holiday Craft Bazaar

Get your holiday shopping started early! Our annual holiday craft bazaar will be held on November 12th from 8:00 to 1:00 p.m. There will be many wonderful gifts for sale created by our talented and local crafters. If you have gifts to sell, please stop by the library to reserve your table.

### Come Write In

Quarryville Library is proud to partner with NaNoWrimo by being a **Come Write In** spot for all writers. We will host a

special **creative writing** event with Young Adult author and poet,

There's still time to get Fido's picture for the holidays! The photos will be 8 X 10 and will be ready for you to share for the holidays. The cost is \$15.00. Each pet will have approximately 10 minutes to pose and look festive. Call the Library to schedule your session. Props will be provided. All proceeds benefit the Friends of the Library.

### Hometown Habitat Documentary

**November 1st at 6:00**

Hometown Habitat – Stories of Bringing Nature Home is an environmental education documentary

that focuses on how and why native plants are critical to the survival and vitality of local ecosystems. The film showcases ecologists, entomologists, and others who share the science of how native plant installations provide low-maintenance, seasonally-dynamic, and eco-healthy landscapes that respect Nature's original best practices. This program is sponsored by Friends of Fishing Creek, Pequea Creek Watershed Association and the Friends of the Library.

**We have a very special Lego® Night planned for November 17th at 6:30. Introducing: Gamecraft Mobile!**

**What if you could design and build your own game and play it with your friends? Gamecraft can make it happen! The goal is to design and build your very own game. So join us for some creative building and game-making fun!**

**All ages welcome!**

**Check out all the other great kids' programs on the attached calendar.**

A reception will be held for all artists on Sat., Nov. 19th from 1:00 to 3:00 p.m. The public is invited to attend.

The bookstore now has educational and parenting books for sale as well as two new shelves devoted to art. Stop by and see what's new!

### Memorial Donations and Bequests

Memorial donations to the library collection can honor your loved one in a special way. Memorials for specific subject areas in the collection can highlight a unique interest or passion that can now be shared with the whole community. Our skilled collection development manager can work with you to purchase items that you and your loved ones can enjoy for years to come.

Bequests are critically important to our organization. They provide a source of support that is not subject to fluctuations in the economy. They come from individuals whose loyalty to our work runs very deep. If you are considering a bequest to the Library, please call or email our library director at 717-801-1801 or [ccrow@quarryvillelibrary.org](mailto:ccrow@quarryvillelibrary.org) for more information. Again, thank you for thinking of the library and its future.
