

# 2025-2028 STRATEGIC PLAN

## QUARRYVILLE LIBRARY: BUILDING A STRONGER FUTURE

### **Expanding and Securing Library Funding**

We're strengthening our fundraising efforts by pursuing new grants, corporate sponsorships, and donor engagement opportunities. At the same time, we're exploring sustainable funding models to ensure long-term stability. We're also working to build stronger relationships with local businesses and organizations, increasing community investment in the library.

### **Deepening Community Engagement and Advocacy**

We want everyone to understand the vital role the library plays in education, civic engagement, and local economic growth. That's why we're launching a campaign to highlight the library's impact, funding needs, and contributions to the community while also strengthening partnerships with local organizations, businesses, and civic groups.

### **INVESTING IN OUR LIBRARY'S FUTURE**

To keep our library safe, welcoming, and functional, we're securing funding for critical maintenance projects—starting with a much-needed new roof. We're also creating a dedicated building fund to support future renovations, expansions, and facility improvements.

### **STRENGTHENING LEADERSHIP AND GOVERNANCE**

Strong leadership is essential for a thriving library. We're committed to ensuring our policies remain current, equitable, and aligned with community needs. We're also prioritizing board recruitment—filling vacant seats with engaged, qualified members—and implementing ongoing training to maintain a strong, active board that supports our mission.
